

## St Mary's RC Primary School- Sports Premium Plan 2018-2019

### **St Mary's RC Primary School PE and Sport's Premium Strategy September 2018**

#### **Purpose of the premium**

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils to encourage the development of healthy, active lifestyles.

The Secretary of State does not consider the following expenditure as falling within the scope of additional or sustainable improvement:

- employing coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of schools' core staffing budgets
- teaching the minimum requirements of the existing PE curriculum.

#### **Overview of St Mary's RC Primary School's strategies for improving pupils' PE and sport participation and attainment and giving pupils the opportunity to develop a healthy, active lifestyle**

We spend our PE and sport funding in the following ways to improve PE and sport participation and to enable pupils to develop a healthy, active lifestyle:

1. The engagement of all pupils in regular physical activity

2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased participation in competitive sport buying into the Richmond School SLA
4. Increased confidence, knowledge and skills of all staff in teaching PE and sport
5. Broader experience of a range of sports and activities offered to all pupils

Our rationale for spending the money in this way is:

“**ALL** pupils leaving primary school to be **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport.” The DfE Vision

*“Physical Literacy can be described as the motivation, confidence, physical competence, knowledge and understanding that provides children with the movement foundation for lifelong participation in physical activity. Enabling them to be physically literate supports their development as competent, confident and healthy movers.”* Primary School Physical Literacy Framework, developed by Youth Sport Trust, Sport England, Association of Physical Education and Sports Coach UK.

**How the improvements made will be sustainable in the future:**

- Increased knowledge and skills of all staff members
  
- Strong links established with local schools

The school receives £ 17,540 Sports Premium

Ofsted recommendations are that investment should “impact on **increasing participation**, **promoting health** and wellbeing and **improving performance of all children and groups**” and these are coloured according to the area of impact we are aiming to improve.
