

Give someone a compliment, positive quote or an affirmation to make them smile.

Think about different charities who give to those who need it. Could you do something to show your support?

Give

Give your time to listen to someone talk about their feelings or memories.

Write a poem about giving. Think about what it means to you?

Write a recipe that you feel would create "happiness". What ingredients would you need?

Think about what God has given us. How can we follow God and give God's love to others. You can write or draw to explain.
